"The SiteProNews newsletter is a great way to find new customers that cannot be reached through other channels. NetMediaReps' service is fast, friendly and efficient. I recommend them to any online business looking for good advertising opportunities."

Working with NetMediaReps, and particularly, Jayde Online/SiteProNews, is great. We have ongoing growth from our email blasts with them, and have been working with them for eight (8) years. I'm happy to say that they are consistently a top performer for us.

My company, Vertical Response, is an email service provider, so we are very careful about which sites we will work with, especially when it comes to advertising in emails. And with NetMediaReps, we have never had a problem.

- Jessica Greene-Pierson, Vertical Response
